

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Currently Amended) A method for publishing images at a website coupled to a communication network and for ordering goods and/or services to be provided by a fulfillment provider coupled to the communication network with respect to images stored at said fulfillment provider, comprising the steps of:

said fulfillment provider receiving a high resolution digital image from a user device over the communication network, the user device coupled to the communication network;

said fulfillment provider storing said high resolution digital image including associating a unique ID with said high resolution digital image, said unique ID identifying both a storage location of said high resolution digital image and an internet address of the fulfillment provider;

forwarding said unique ID over the communication network to said user device;

said website receiving over the communication network from said user device a low resolution image copy of said high resolution image and said unique ID;

said website providing over the communication network said low resolution image along with an action button that is associated with said unique ID; and

forwarding to a network connected viewing device over the communication network an order screen from said fulfillment provider when said action button is selected ~~by~~ on said viewing device so that the viewing device will be able to place an order over the communication network directly with said fulfillment provider for goods and/or services with respect to said high resolution image stored by said fulfillment provider.
